Shipping Directions

In ordering nursery stock our customers are requested to state explicitly the mode of conveyance by which they wish their stock forwarded. We make shipments by express, freight, or motor truck. The price for all our material is at the nursery and does not include delivery. We can make shipment by motor truck at a moderate charge, provided the order is large enough to make a truckload. When no route or method is designated, we exercise our judgment. In no case do we assume responsibility after packages are shipped, except for our own mistakes. When losses occur by detention or mishandling, claim should at once be made on the transportation company by the consignee.

Conditions of Sale

1. We make no charge for packing orders, EXCEPT on very large evergreens, large shade trees, or other ungainly-shaped plants.
2. Super-specimen plants, selected by the customer, or by his representative, or by us at his request, will be priced according to their individual values.
3. Prices herein cancel all previous lists and are subject to change without notice.

Our Guarantee

1. Stock true to name. Errors (if untrue variety is not acceptable to you) will be replaced the first proper planting season afterwards, with the nearest size remaining in stock.
2. We do not guarantee our plants to live—ONLY YOU CAN DO THIS by giving them good care.

Terms

Our terms are cash. Charge accounts, for 30 days credit, may be opened upon receipt of satisfactory credit references—allowing us time for investigation. All accounts unpaid after due date will be subject to sight draft without further notice. C. O. D. express shipments will be made (with collection charges added to the bill) only when order is accompanied by a deposit of at least 25 per cent of the amount of the bill.
